◆ PERIODONTICS & IMPLANTOLOGY ◆

Dear Dental Hygienist(s);

The dates for the *9th year* of our study club are set for 2019. **Thank you for your support of this study club!** We have done our best to present current topics that can help with your day-to-day practice of dental hygiene.

Our goal for 2019 is to continue to focus on “traditional” periodontal diagnoses and therapy. We, of course, are always open to presenting topics that you are interested in, so feel free to provide suggestions for upcoming meetings.

To summarize, we covered the following topics in 2018:

- 1) Periodontal Panel: Drs. Tolmie, Rasenberger, and van Kesteren
- 2) Esthetic Analysis from a Periodontal Perspective: Dr. van Kesteren
- 3) Oral Pathology: Dr. Michael Brennan
- 4) Periodontal Dental Hygiene with Chrissy Bonham, RDH

For 2019, the topics we will cover could include:

- 1) Maxillofacial Prosthodontist, Dr. Schortz, on facial prosthetics
- 2) Oral Complications in Older Adults: A Growing Need for Care
- 3) Root Anatomy: Grooves, Concavities, and Furcations
- 4) The Role of Occlusion in Periodontal Therapy
- 5) Remineralization / Varnishes / Hygiene Products
- 6) Annual Periodontal Panel

The four meetings for 2019 are on **February 12th, April 9th, September 10th, and November 5th.**

Attached is the 2019 membership form. The form is also located on our website at northstateperio.com (dental hygiene section at <https://www.northstateperio.com/dental-professionals/dental-hygienists/>).
